

Alex Chen

Name: Alex Chen

City: Beijing

Email: alex@example.com

Fictional sample for software demonstration. No real personal data.

EDUCATION

Example University | Computer Science | Bachelor | 2022-06

SKILLS

Python, React, FastAPI, Docker, PostgreSQL, Git, OpenAI

EXPERIENCE

2022-2025: Full-stack engineer at Example Lab (fictional).

Built a React dashboard and FastAPI service for scientific job workflows.

Designed PostgreSQL data models and packaged services using Docker.

Integrated OpenAI APIs with timeout handling and JSON validation.

Added automated tests and reviewed changes with Git.

PROJECT

Research workflow assistant: track jobs, results and API failures.
